

SENATE APPROVES ARMY ALLOWANCE

Provides for a Force of 175,000 for Next Fiscal Year

GUARD PROVIDED FOR

Expect Militia Next Year to Number 125,000 Men, Committee Members Say

WASHINGTON, Feb. 22.—An army of an average strength of 175,000 for the next fiscal year was provided in appropriations approved today by the senate subcommittee on military affairs, in completing its report on the army appropriation bill for presentation to the full committee. This strength compares with an average of 150,000, as provided for in the bill as passed by the house.

Aviation Gets \$7,800,000.

The bill, as reported by the senate subcommittee, provides \$7,800,000 for aviation, compared with \$5,000,000 favored by the house. Of this increase, \$3,000,000 would be used in purchasing new planes and equipment. An increase also was made for vocational training, the total being \$2,800,000, as compared with \$1,000,000 adopted by the house.

Substantial provision is also made for the national guard, based on assurance, committee members said, that the guard next year would number 125,000 men.

Means Army of 161,000 in 1922. The 175,000 average in personnel, it was explained, would mean an army of only about 161,000 at the end of the next fiscal year, as compared with 125,000 at the same time if the house figures were adopted.

Army officials, in submitting estimates to the senate committee, had requested the appropriation for an average numerical strength of 181,000.

The subcommittee report will be submitted to the full committee tomorrow. It is expected the bill will be reported to the senate without further delay.

DRIVE FOR SCOUTS ON

Troopers of Tulsa Will Attempt to Raise \$6,000 During the Week

With the beginning of the active campaign Wednesday morning Tulsa business men will be asked for the remainder of this week to contribute to the fund for maintaining the boy scouts during the coming year. The amount asked, and which scout leaders believe will be fully subscribed, is \$6,000, the same as was asked for last year's work.

Most of the solicitation will be conducted by boy scouts themselves, who will visit virtually every office in the business district, bearing personal letters from the scout council to the men who occupy these offices. This plan was used successfully last year, and according to members of the council, is not only an effective but dignified method of conducting a campaign.

The site for next summer's camp for boy scouts and other boys, which will be provided with a part of the money raised this week, is to be selected within the next few days.

DRYS SCORE IN HOUSE

Government Given \$1,400,000 to Use in Breaking Liquor Traffic by Appropriation.

WASHINGTON, Feb. 22.—Friends of prohibition enforcement in the house today won another battle to keep liquor beyond the reach of those not permitted to handle or drink it.

After a flare-up that threw the house into bitter debate toward the close of a peaceful holiday season, the prohibition forces rallied followers and put through a motion directing conference on the deficiency bill to give the government \$1,400,000 to break up the liquor traffic from now until July. It was the top figure discussed.

Before the vote was taken, however, charges flew thick, Chairman Good of the appropriations committee declaring enforcement agents openly are winking at the law's violation. Representative Volstead, author of the act, came back with the charge that attempt was being made to break down the machinery of enforcement through failure to provide adequate appropriations.

Avoid Diphtheria

A sore throat is a good breeding place for diphtheria germs. Protect your children by never neglecting a Sore Throat. You can wash it down with TONSILINE. Give TONSILINE upon the first appearance of Sore Throat—don't give Diphtheria a chance in that throat if it is weakened condition. When TONSILINE is swallowed it comes directly in contact with the diseased surface and induces a healthy condition of the membrane—then the system can better defend the throat if attacked by Diphtheria germs. Keep TONSILINE in the house where you can get it quick when needed. 25c, 50c and \$1.00.—Adv.

U. OF T. OBSERVES WASHINGTON DAY

School Dismissed, Individuals Celebrate the Occasion

Faculty of Tulsa students followed the traditional individual celebration of George Washington's birthday, Tuesday. Classes were dismissed at noon and the students dispersed each to celebrate the holiday in his or her own way.

A patriotic note appropriate to the day was struck at the morning chapel, when an address on George Washington was read by Rev. Dr. Koff and the song "Washington," sung by the choir and glee club.

Dr. J. A. Lash, prominent prohibition speaker here during the state for the Anti-Saloon league, who stopped in Tulsa between trains yesterday and visited the university, spoke briefly at chapel. His one allusion to prohibition was to the fact that Oklahoma was the first state to enter the union "dry."

The invigorating slogan for the attainment of success in life which he gave to students was, "Purposeness, Industry, Perseverance, Persistence."

Dr. Frederick E. Stockwell, of the general board of education of the Presbyterian church, made another inspection of the school plant Tuesday morning. His attention was especially directed to the bookkeeping system which he said had come in his attention in the New York office as especially efficient and thus previous opinion he found established by personal investigation. He left Tuesday evening to visit Presbyterian institutions of higher learning in Texas.

WASHINGTON HONORED

James H. Duggs Pays Tribute to First President in Speech Before Tulsa Irish Meeting.

Devotion in country was declared by Judge James H. Duggs to be the greatest lesson to be learned from a study of the life of George Washington, in a scholarly address before members of the Carroll Council, American Association for the Recognition of the Irish Republic, in the district court room last night.

Judge Duggs was introduced by A. P. Sweeney, president of the society, as "scholar, statesman and first of all American patriots of the old and the best school. His speech of the traditional and historical conception of Washington and said he preferred the historic side, just as he preferred the character of St. Peter to that of St. John. He declared that it was not genius nor learning that made Washington great among the men of his time as well as first in the affections of his countrymen but his force of character, judgment and discretion. In these particulars he compared him with Lincoln as well as in the troubles which he had with other members of the revolutionary government. The greatness of America was pictured by the speaker who warned his hearers against propaganda which would make American interests second to those of other governments. Speaking of England he said he agreed that country had declared the British were always ready to help anybody "whenever she helps herself more by doing so."

TATUM ARRESTED FOR TULSA MEN

Youth Who Cashed in on Personality to Be Returned Here

R. A. Tatum, until last January a young business man of this city, was captured by the police of St. Louis Tuesday morning on information furnished by Sheriff W. M. McCullough of Tulsa county, and will be returned to this city Thursday by John Penn, deputy sheriff, for arraignment and preliminary hearing on charges of obtaining money under false pretenses. Information reaching the county attorneys office indicates that Tatum is accused of a large number of questionable deals accomplished during a period of three weeks before his sudden departure from the city.

The prisoner will be returned to Tulsa on a warrant issued by Justice H. J. Gray, January 28, in which J. J. Lancaster of the Central National bank accused Tatum of cashing a check for \$100 which Tatum knew at the time the money was paid by the bank, to have been stolen property. Several persons who claim Tatum defrauded them of money by false pretenses a few days or weeks prior to his departure about January 27, have given the county attorneys office full details of the alleged operations of Tatum.

Tatum is accused of having defrauded one bank and a number of Tulsa business houses out of sums ranging from \$25 to \$115, having collected before he suddenly left Tulsa, a total of nearly \$1,000 in cash, it is charged. Tatum was well known here and is said by some of his former friends to have "cashed in" on his personality.
